

About Us

Forward Brands LLC was incorporated in May 2010 under the law of State of Florida. Between May and November product searches and manufacturer providers were researched, selected, contacted and physically visited. Negotiations were conducted successfully and territorial exclusivities were garnered. At the present the existing suppliers are located in the Dominican Republic, Puerto Rico, Ecuador, Spain and growing into other major geographical providers including but not limited to Mexico, Central and South America.

Our main supplier Grupo Bocel, family owned and established in 1965 is one of the largest producers of pasta, cookies, crackers, sponge cakes, etc. in the Caribbean and south of the United States. In Paris, France, during 2004 La Dominicana Industrial, C. por A. was recognized internationally with the XXIV International Food and Beverage New Millennium Award. They also received an award by Quality Summit in 2005 in New York City for the Quality Model QC100. El Grupo Bocel has one of the most modern factories (one of them cost \$43,000,000 to build) in this hemisphere, and own their plants, trucks, equipment, real estate, etc. Their products are also distributed in: Puerto Rico, Panamá, Guatemala, Surinam, Guyana Inglesa, Granada, Guadalupe, Saint Martin, Saint Kitts, Haiti, Jamaica, Islas Turcas y Caicos and USA.

Other major supplier is Caribbean Desire. A company dedicated to the manufacturing and distribution of natural products of the utmost quality. Presently, their product line consists of the following: 100% Natural Honey with 100% natural additives, White and Dark Vanilla without Coumarin, which is an unauthorized FDA ingredient, Almond extracts, 100% Natural ginger in liquid form and 100% Natural syrups.

All products are elaborated with prime quality ingredients and manufactured under the latest advancements in processing and quality control. Every one with the endorsement and approval of the Institute of Innovation in Biotechnology and Industry of the Dominican Republic, Bioprocess Nikay and Aybar Ecotechnologies, and ISO 9000 certificate.
